Runways Taxiways

Papi lights for runway 18 have been acting up. Currently operational

FBO and Terminal Buildings

Terminal building in-floor heat compressor unit locked up.

Halverson Brothers received and installed a new compressor from the manufacture. Parts and labor will be covered under warranty.

FBO hangar heating. Found a water seal leaking on one of the in-floor heating units. Halversons replaced seal, and bleed the air from the system.

Hangar project update.

Electricians have installed the additional electrical outlets in hangar, exit signs and emergency lighting.

Electrical roughed in office area.

Hangar lighting fixtures have arrived and will soon be installed.

Was told that the sheet rock taping was on hold until the new door frames arrive.

Fuel System
